RE: Application for discharge to ARWA under ACT 57

Dear All:

Last month I shared with you a draft of the application for approval to discharge to ARWA wastewater system. This document has been finalized and I have attached a copy to this letter for your use. I will send an electronic version to you via e-mail that you can use to duplicate as needed. The document will also be available soon for download from the ARWA website www.abingtonwastewater.org.

The 90 day grace period established to allow time for you to inform residents and developers of the forthcoming tapping fee requirement, expires as of the date of this letter. Anyone wishing to connect at this time is required to complete the application, pay the tapping fee, and receive approval (permit) from ARWA.

Please feel free to contact me if you have any questions regarding this letter.

Very truly yours,

ABINGTON REGIONAL WASTEWATER
AUTHORITY
